

FYI Forest Grove...

21st Avenue Festival Street Project

City planners are working on a plan for enabling 21st Avenue - from College Way to A Street - to be a shared use "festival street" that provides safe and inviting access for pedestrians, cyclists and cars while also serving as a transformational community event space. Festival streets provide options for outdoor dining, markets, general mingling, and entertainment.

Please complete the online survey and tell us what you'd like a festival street to be and how it should be used. The link to the online survey is bit.ly/21stAvenueFestivalStreet.
